

UHS COMBO CLEANER/MAINTAINER

Product Description:

UHS Combo Cleaner/Maintainer is a revolutionary, labor saving product. Designed for daily use on resilient and hard floor surfaces. Revitalizes the finish base, builds gloss and reduces labor cost by eliminating the use of multiple products (traditional cleaners and restorers) and additional steps (separate deep cleaning and restoration steps). Packaged for use exclusively in the innovative, Trumix® DC² Chemical Management System.

Features:

Revitalizes:

Restores flexibility to the finish, allowing it to respond to burnishing and resulting in improved performance. Leaves the floor with a “just finished” appearance.

Reduces Labor:

Reduces the frequency of stripping and scrub/recoating to save significant time and labor. Cleans and maintains the floor finish without trapping dirt which can build up and discolor the floor finish.

Product Specifications:

pH (concentrated)	9.0 ± 1.0
Appearance	Clear Yellow Liquid
Fragrance	Citrus
Freezing Point	About 32°F
Solubility in Water	Complete
Flash Point	None to boiling

Ingredients:

Water	7732-18-5
Polyethylene glycol	25332-68-3
Dipropylene glycol n-butyl ether	29911-28-2
Undeceth-7	34398-01-1

Ecological Information:

- Biodegradable Surfactants
- Neutral pH
- Contains no Phosphorus
- Low VOC

Concentrate

0	1	2	3	4
Minimal	Slight	Moderate	Serious	Severe
Minimo	Minimo	Moderar	Grave	Drastico

Use Information:

Always dust mop the floor first. Remove gum, labels, and other attached soil deposits with a putty knife or long handled scraper. The Trumix® DC² bottle is preset to deliver a 1:128 ratio of UHS Combo Cleaner/Maintainer solution to any appropriate end use container. Use the diluted product as directed according to the concentrate label.

DIRECTIONS FOR USE:

AUTOSCRUB CLEANING

1. **DILUTE** at 1 ounce per gallon (1:128 ratio) of cold water.
2. **CLEAN:** Scrub with red pad. Apply UHS Combo, scrub and pick up in one operation. Rinsing not required.
3. **PICK UP TRAILS:** Use clean water and mop/bucket to pick up any trails left from autoscrubber.

DAMP MOPPING

1. **DILUTE** at 1 ounce per gallon (1:128 ratio) of cold water in bucket.
2. **CLEAN:** Use a clean mop and damp mop the floor. Change the cleaning solution frequently. Rinsing not required. **BURNISH** for optimum results.

WARNING

Direct contact with eyes may cause temporary irritation. Harmful to aquatic life. Harmful to aquatic life with long lasting effects.

Prevention

Avoid release to the environment.

Response

Wash hands after handling.

Storage

Store away from incompatible materials.

Disposal

Dispose of contents / container in accordance with local / regional / national / international regulations.
